1. Who can see what I'm about to do/say and while bringing forth my son bring forth many sons in my son who my son are? One son, many bodies not; one body, many members. I love you all.

2. Is this/this is the day; nor'tofore being, this is the one and only, not; but one special one, waiting forever for, not; long enough, too long. Is now/**the now arrives and isn't flees**, departs, seen no more, passing/passed away is.

3. Remembering not former things, maketh all things new I do/have/am; in/for so many who loveth me now more than life, truly, getting/transforming real life into them so they reflect it/me only. I love you all.

4. Who can see what I'm doing and have done and will do for others many that now Hyde Park reside in, not; but come often looking/wanting me and resort not to others but press into me fully, more so and more so, wanting what they heard of and saw and touched, some. I love you.

5. Presseth into me my son does and nothing denies him. Perseverance pays off, not; in. I love you. Seeking me seeketh not another. Seeing me seeth not another. Asking me asketh not another. **Knocking for to enter my kingdom forsakes his own, to become his own, to take it/me/him us one, to his own.** I love you.

6. See what I have so masterfully said, not; but stated forthwith that which comes from me now more so and more so and see my plea not; but **my commission to you, all of you, to see my brethren your brethren real and true and come be me to take father/kingdom one to them to become father/kingdom one.** I love you all.

7. Who can interpret the clouds and see the gloominess and darkness and what clouds mean what/this? And who entering who doeth what now how and all miracles work like this? Or do any work like this again? Or what formula is this or haveth it one; bear one, or does it all originate spontaneously with/through the user, not; but **the surrenderer it flows through/is flowing through**? I love you.

8. Healing ruins many not; scars run deep often and spaghetti brains miswired misfired and who can set straight neurons misconnecting firing off schedule? I love you. Maker one? Me. Watch me/us.

9. 2am and the watch is secure. 4am and the watch was; what watch? What happened, what was that noise? What went through here? What is going on/happening here? I don't know they say and scared, revert to samesville-thought, to **soon learn samesville isn't the same**. I love light. I am light. I resort/revert to darkness never. Inconceivable is/being. I love you.

10. What watch are we on? The last one. Skies darken and flash and east west north south and what way darkens/lightens next; **how all should be reverteth into me; soon and sooner and all'worth of me become.**

11. **15:24 First Corinthians, remember, all.** I love you. I love you. I love you all. Amen. Peace given, restored; **all things mine/come into me; surrendered being.**

12. I love you all/again **and again I say all.** I love you all. Amen.

Me, us, father; one
